Science Activity Challenge	Saint Bridget's day, February 1st marks the beginning of the Spring season. Take a look outside and try to find as many signs of Spring as you can, for example, flowers are beginning to grow, birds are building nests and little green buds are growing on the trees. Listen to the "Spring song for children" music box on youtube to remind you of more signs of Spring. Take photographs, draw pictures or record an audio message to let me know the signs of Spring that you discovered. If you and your family would like to gather rushes you could try making a Saint Bridget's cross. Instructions can be found on https://www.icatholic.ie/how-to-make-st-brigid-cross/
You can take a photograph of your child's work and upload it to Seesaw to be corrected.
