World War 2 Project.

Over the course of the week you will research an aspect of World War 2. **Potential titles include:** Anne Frank; Concentration Camps; Famous Battles (Battle of Midway, Stalingrad, El Alamein, Iwo Jima etc) You could research some of the **famous protagonists** – (Hitler, Churchill, Eisenhower, Rommel, Patton, Stalin etc)

Some questions to help:

Main Protagonists: How did their background/childhood/decisions help to shape the person they eventually became? What role did they play with respect to World War II? What were their successes during the war? How did their accomplishments in the war impact their country and the outcome of the war?

Battles: When/where was the battle fought? Who was involved in the battle? Why was the battle fought? (Was there a special purpose for the battle?) Which side won the battle? Why? How did the battle impact the outcome of the war?

Final Product: You will need to create a product which best helps to illustrate what you have learned. You have a choice of which product to produce.

Some possibilities include: Powerpoint, Poster, Newspaper article, Scrapbook, Imagine interviewing the person.

In addition, you could record yourself giving an oral presentation – telling us what you have learned about your chosen topic.

St. Brigid's Day	As the 1st of February is St. Brigid's Day and traditionally the first day of spring I would like you to go outside and gather some rushes to make a St. Brigid's Day cross. Post a picture of your cross on Seesaw for me to see. Follow this link for instructions on how to make the cross. https://www.icatholic.ie/how-to-make-st-brigid-cross/ I would also like you to make a checklist in your copy detailing the first signs of spring. Think of the different changes which take place in nature as the weather begins to warm up. Then throughout February and March I want you to tick off and date when you see each change happening. I have made a little list as an example below, but I am sure that you can think of lots more spring signs. As you make your list I would like you to think of the following signs which tell us that spring is coming: -animals-both on the farm and in the wild -birds-nests being built -flowers -insects <table><tr><th>Sign of spring</th><th>Date first spotted</th></tr><tr><td>Baby lambs born</td><td></td></tr><tr><td>Frogspawn</td><td></td></tr><tr><td>Bees buzzing</td><td></td></tr><tr><td>Baby chicks born</td><td></td></tr><tr><td>Buds growing on trees</td><td></td></tr><tr><td>Snowdrops</td><td></td></tr><tr><td>Daffodils</td><td></td></tr><tr><td>Bluebells</td><td></td></tr><tr><td>Birds singing</td><td></td></tr><tr><td>Baby calves born</td><td></td></tr><tr><td>Bright mornings</td><td></td></tr><tr><td>Longer evenings</td><td></td></tr></table>	Sign of spring	Date first spotted	Baby lambs born		Frogspawn		Bees buzzing		Baby chicks born		Buds growing on trees		Snowdrops		Daffodils		Bluebells		Birds singing		Baby calves born		Bright mornings		Longer evenings
